Product Description:

High Quality filters made to fit for compatibility with the Frigidaire Pure Air Ultra Compatible Air Purifying Filter. Made to replace - this filter is comparable to OEM Part's numbers EAFCBF PAULTRA 242061001 241754001. Filter helps to remove odors from your refrigerator utilizing activated carbon and zeolite for superior odor suppression. Filters should be replaced at least every 6 months to maintain refrigerator freshness. This is not a Frigidaire or Electrolux OEM product and it is not covered under any of these manufacturers' warranty. The Frigidaire or Electrolux brand names and logos are the registered trademarks of their respective owners. Any use of the Frigidaire or Electrolux brand names, models, or part designations for this product is made solely for purposes of demonstrating compatibility. This is a non OEM replacement product. Made in the USA by All Filters, Inc. with USA sourced material and labor.
